

Self-Declaration Letter

To Whom It May Concern

Subject: Self-Declaration Regarding Educational Background

Dear Sir/Madam,

I, Rahul, son of Mr. Mohan Lal and Ms. Bhagwanti Devi, holding Indian Passport No. Z5839888, hereby submit this self-declaration to explain my educational background and academic sequence.

I respectfully declare that my education followed the sequence of Class 10th, Class 12th, and then Diploma studies. This declaration is being issued to clarify my academic pathway for admission, assessment, visa, and other official purposes.

Academic Background

1. Secondary Education - Class 10th

I completed my Class 10th through a recognized school education board. This formed the foundation of my formal schooling and academic progression.

2. Senior Secondary Education - Class 12th

After completing Class 10th, I pursued and completed my Senior Secondary/Class 12th education in the Commerce stream through Punjab School Education Board. I appeared in the Senior Secondary Examination held in March 2025 and successfully passed the examination.

3. Diploma in Computer Science and Engineering

After my school education, I pursued a Diploma in Computer Science and Engineering from Lovely Professional University, Punjab, to gain practical and technical knowledge in computer science, programming, web development, database management, networking, cloud computing, and related subjects.

Justification of Academic Sequence

I would like to clarify that there is no gap, misrepresentation, or inconsistency intended in my academic background. My educational route may appear different because I completed Class 12th and then pursued diploma-level technical studies, but this was a genuine academic decision to strengthen my practical and career-oriented knowledge.

The diploma helped me build technical skills in Computer Science and Engineering, while my Class 12th qualification represents my formal senior secondary education. Therefore, my academic background should be considered as Class 10th + Class 12th + Diploma studies.

All documents submitted by me are genuine and issued by the respective recognized institutions/boards. I kindly request the concerned authority to consider my educational background positively for academic assessment and admission/visa purposes.

Supporting Documents

- Class 10th certificate/marksheet
- Class 12th certificate/marksheet - Punjab School Education Board
- Diploma transcript/documents - Diploma in Computer Science and Engineering, Lovely Professional University
- Passport copy

I sincerely request you to kindly consider my educational background and accept this clarification for further assessment.

Thank you for your time and kind consideration.

Sincerely,

Rahul
